Shaw

A TROLL LEARNING CENTER

KEYWORKS: First Keyboarding Skills is a wonderful way to introduce youngsters to the computer keyboard and basic typing skills. It's the perfect "first software" to show a young child just how much fun interacting with the computer can be. An engaging frog teaches and guides children as they explore the computer keyboard, locating and using the letter and number keys. Children progress through pattern exercises to typing simple words.

THIS LEARNING CENTER CONTAINS:

- a MICRO-SOFTWARE program disk
- a User's Guide
